## CD2 Executive Meeting

This Special Executive meeting was called to discuss office space for CD2 and it's SDs.  
Call to order at 6:20 PM

- Coleen Rowley candidate for Congress in CD2 spoke for a few minutes. She addressed how Democrats currently have the upper hand with security, leadership and spending.
- Mike Germain is home with a sick child but Skylark Miles has signed on to help out his campaign and will hopefully be working with everyone in the future.

CD2 has found an office location in downtown Northfield on Division Street. As Northfield has the two colleges and is a very liberal town there is the potential of lots of willing students to volunteer and also the possibility of student interns. The location is second story but handicap assessable with windows on both streets facing the library. There's plenty of parking in the back and also on the front street.

The location was wired for a telephone calling bank and most 507 prefixes and all 651 prefixes and 952 are local.

Funding proposals were passed out for the executive board to see and approve. It space requires a 1 yr lease commitment. Also included was a list of items need to complete the space like furniture.

**MSP: To approve the leasing of the CD2 Northfield office and approach each SD requesting a \$500 per year donation toward the cost..**[vote was 21 for with 1 abstaining].

A policy regarding using the office space by each SD...a calendar, and what to do if there is a conflict needs to be developed. Northfield has seen the republicans building up recently, so this is a great move.

A committee to oversee moving in and collection of office items was formed: Shawn Groth/Ken Beck/ Kathy Farmer/Gary Lee/Jake Nelson. I f you have something to donate please talk to Alex.

**MSP to host an Open House for the new CD2 office on May 21 from 2-5 PM Sunday in North field Fundraising committing is responsible for organizing.**

7:45 Meeting adjourned
